

Example RIM Buffers for Wildlife & Water Scoring Form

During landowner signup, each enrollment requesting a Wildlife Habitat Buffer Expansion will be required to complete a score sheet with the following questions. A minimum score of 50 points will be required to be eligible. Use these questions as a guide when answering question **5b** in the RIM Riparian Buffer RFP as a way to determine if your proposal area will be eligible.

Offer must meet these minimum criteria to be eligible:

- Offer is within the prairie section identified on the LSOHC map.
- Offer has maximum enrollment (200 feet average).
- Offer is built upon a Clean Water Fund buffer.
- Offer scores a minimum of 50 points on the following factors.

1. Will this offer preserve an existing CRP contract?

Points	Response
10	Yes
0	No

Score

2. Is the offer within the watershed of an identified shallow lake?

Points	Response
15	Yes
0	No

3. Proximity to an existing protected habitat complex that is larger than 160 acres?

Points	Response
20	Connects two protected habitats together
15	Immediately adjacent to a protected habitat
5	Within ½ mile of a protected habitat

4. Proximity to public land that is open for public hunting?

Points	Response
15	Immediately adjacent
10	Within 1 mile

5. Type of water resource being buffered

Points	Response
15	Lake
10	Natural Stream
0	Public Drainage System

6. Type Vegetative Diversity on proposed site?

Points	Response
10	Greater than 20 native species exist or planted
5	11 – 20 native species exist or planted
0	or fewer native species exist or planted

7. Combined Easement Size

Points	Response
15	Greater than 20 acres
10	11 – 19 acres
5	6 – 10 acres
0	5 or fewer acres
